\*\*As related to field work, each participant will be supervised directly by a **WATeR** member who has experience in the subject matter. The "Project Manager" will conduct training as needed. **WATeR's** committees have and will have projects that need your skills on a short-term basis. Your help, no matter how short or extensive will advance **WATeR's** mission and lead to the improvement of Tellico Lake's water quality, our shore lines and the streams flowing into our lake from neighboring watershed areas.

Thank you for your generous financial, material and personal support of **WATeR!**
