WATeR dedicates bridge

Watershed Association of the Tellico Reservoir members Mel Fisher, Darrell Cuthbertson, Bob Martin and George Zola stand near the bridge at the Coyatee Trail-head of the East Lakeshore Trail. The bridge, which is the most prominent structure on the trail, has been named 'The Cuthbertson Martin Bridge' in honor of those two men for their efforts on the trail and for fostering a cooperative spirit between WATeR and the Tennessee Valley Authority. The trail is located on TVA property.
